**Subject:** RE: Excel Spreadsheet

I need a simple division operation, to determine my tablet sample mass from the dose unit of the tablet. I can't find this function on the State Lab spreadsheet or the one you just forwarded to me, Peter. Can anyone bring me up to speed on finding this simple operation. Thanks, Mike

**Subject:** Excel Spreadsheet

I recommend everyone learn how to use this spreadsheet since this is the only validated one we have at the moment. If you have any questions, please see me.
